2010 Ho'oulu – Harvard Scholarship Program

PA'I Foundation has been invited to select 7 students and two teacher/chaperones to participate in this summer's program. The program will include a one week cultural educational program on O'ahu and three weeks study at Harvard. The curriculum includes intensive lectures and discussions held in Harvard Medical School (HMS) classrooms, as well as independent work on student-selected topics that become oral reports. The program includes visits to a variety of labs at HMS. Extracurricular activities enhance the group's cohesion and provide rewards for hard work. Two Hawai'i-based program coordinators will serve as student chaperones to support the students' learning environment.

Students may complete an application form online at https://www.surveymonkey.com/s/Hooulu_2010 or mail a printed version of the entire application packet to the address below. If you would like a hard copy application, please contact us at (808) 754-2301 or vtakamine@gmail.com. We look forward to receiving your application, essays, 3 letters of recommendation and high school transcripts postmarked by March 31, 2010. All Applicants will be notified by mail of the selection outcome by May 1, 2010. Mail completed applications to:
